## History and Testimony of Faith Theological Seminary - 18

friend who was one of our students and this fellow persuaded him to take the extra year and come with us. And about two months later KK a man was here speaking in chapel that this fellow knew and I happened to over hear him. He said to him, "You know I've learned more in one month here than I learned in a year in Yale." He worked hard.

So we don't cut down. We don't shorten the time. We don't make it easy. I know of another seminary not far from here where a man preached in missions every night in the week, worked 40 hours a week in a defense plant, and got through with flying colors.
