

Occidental College I went for a year to the Bible Institute of Los Angeles. There I was thrilled with the ~~pl~~ emphasis on the great fundamental doctrines of the Scripture, and on the importance of reaching the lost for Christ. I heard Dr. R. A. Torrey give lectures on doctrine that were a real blessing. During the year I was there I do not recall once having heard the ~~xxxxx~~ term "dispensationalism."

After the year at the Bible Institute I went to Princeton Th° S°. There I received much teaching that was very helpful and beneficial. I rejoiced in the great fine stand that the faculty at that time took at that time for the integrity and inerrancy of the Word of God, and was greatly pleased with the training for understanding Chn° doctrine. I had heard of premillennialism often during my high school and college course courses and at the B° I°, and was w/ quite convinced of its truth. At Princeton I was disappointed to find that the ~~fact~~ faculty were mostly opposed to premillennialism. A student there gathered a number~~ed~~ of the brightest students together for a study club that met once a month and had a paper. read. I presented a paper on premillennialism and in the course of preparing it became more convinced than ever ~~of~~ that premillennialism is true. (bw?) I do not recall ever while there hearing the word "dispensationalism." After my years of ~~xxx~~ study in Germany I ~~xxxxxx~~ began to teach at a new theological seminary. There there was great discussion about Calvinism and ~~xxxx~~ Arminianism. I was there ~~xxxx~~ several years before I ever recall recall ever hearing the word "dispensationalism." The first clear recollection of it ~~is~~ came when a certain mission board was beginning to be strongly attacked. Two good friends of mine were
