Dr. van Til had, I ~~hi~~ believe, gone to Calvin Seminary and then taken further work in Princeton/ Seminary, and received a Ph.D. from Princeton University. Then he had preached for a year, I believe, in a Chn° Ref° ch. Dr. Kuyper was a prominent minister in the Chn° Ref° church and there for a few years was president of Calvin College.

f When Dr. Stonehouse would I have already mentioned what would happen when Dr. stonehouse recommended ~~xxxxxx~~ someone from the CRC and what Dr. Van Til ~~wxk~~ would say. When Dr. Kuyper was asked he would nearly always say something like this: "Well, if it weren't for the terrible faces he makes when he speaks he might not be too bad for a commencement speaker." Or, "If it weren't for the mean attitude htat he has on so many occasions he might be worth considering for a faculty member." Or something like this. that. I never kenw of a CRC man being suggested that he did not have something critical to say about him. Once, when there was discussion about getting a new faculty member Dr. stonehouse strongly recommended a man in Iowa, pastor of A Chn° Ref! church. Dr. Van Til thought the man worth considering. Dr. Kuyper may not have been with us at that time; I do not remember. At any rate Dr. Machen made a special trip to Iowa in order to meet the man.

It should be mentioned that Dr. Machen felt that Princeton having fallen into the hands of the unbelievers, it was most important that anyone who of us be very strongly opposed to Princeton. There was a clear issue in his mind. Princeton had joined the apostates; we must strongly oppose it at every point. When he visited this man in Iows he found ~~xxx~~ that he had no concept whatever of what modernism was, how it wa spreading, or what the danger was of compromiseng with it. He came back quite disillusioned from this visit. Yet he always continued to have considerable confidence in all to look with favor on all of Dr. Stonehouse's suggestions, as far as I could tell.

At the and of the ~~fx~~ first year all of the faculty appeared on up in turn on (nc) platform at the commencement and declared their readiness to become change their
