Amother instance of this that occurs to me is the Vice President of a regit, egg i leader at that with the December of the large institution at or near Trenton, NJ who wisited the seminary as a first of the . 2' ine reset that it is increased and increased and one of the two men who came representing Middle States a couple of years ago. Cimplian mailteners in maint exitant He was a very bright fellow and he had taken the course at Eastern Baptist 10 11 TO C. T. T. T. The place of the design of the color of Seminary, then had gone on to do advanced work and been purely in secular of all of aladay west of tempo most the same out out offer diale activities ever since. Probably he came from an evangelical background though the The booth was as a seculiar for the book as a class to take the book after are probably not as intense as the one from which Ramm came. It is my impression intense . vans the ten and indicated it the treating as a tensor in body of he originally came from Kansas. In recent years his work as has been entirely unital of really a dense of one whom we're a decided and for our in secular activity. I did not see while he was here any evidence of strong and a secular activity. en ednica is Light We. Trulling prejudice against us. As far as I could see he was quite fair. He was clearly -cost this initial author is about the

visibly a very bright fellow, but I saw no evidence of any real interest
