

Dr. Wilson secured a special fellowship for me of \$1000 to go and study for a year in Germany. Other students received scholarships of \$600 (I believe there were four or five of these scholarships available in different departments.) The one in Dr. Wilson's department, however, only came ~~came~~ only every other year, and the year when I was to get it was not th

when I graduated was not the right year. I had thought of working for the one that was available in Dr. Davis' department, but Dr. Wilson said, "Don't do it/." He said, "You want to work with me; for that one you'd really have to work with Dr. ~~Dr~~ Davis." He said, "Go ahead and do your work and trust the Lord." He did not tell me that it was his intention to get me a fellowship osme other way. The president of the American Bible Socæty was going to give some money for Dr. Allis' work and this was done,=, I believe, out of friendship for Dr. Wilson, and Dr. Wilson persuaded him instead to make a special fellowship that he could give to one of his students. The regular scholarships for a year's study ~~abroad~~ abroad were \$600. [In these days of inflation it sounds ludicrous, but in those days it ~~seemed~~ ~~seemed~~ like a quite a reasonable thing and there were others who received ~~such~~ scholarships in other departments who went ~~who~~ who /got a year in Europe on it. Charlie ~~Woodbridge~~ Woodbridge was one who got the scholarship; I guess it w-s in Dr. Davie' department that he go it, by it--by writing a paper, but he also learned about an exchange scholarship available from some other another sourse, and he was able to get that, so his was supplemented. When it was announced that I was receive a special fellowship people assumed that mine was the same as the others and I never said anything to disabuse them of this idea. Everett Harrison heard that was one of the first to hear that there was a special fellowship awarded to me and at the ~~xxx~~ Friars Club, to which we both belonged, he announced that a fewllowship of \$600 for ~~xxxxx~~ a year's study \$600; this abroad had been given to me. He waid \$600. This was what the other people were getting. I did not feel it my duty to inform anyone that it would be \$1000 rather than \$600.

Dr. Allis learning was very friendly to me during that time. Before I went
