

But there are at least a dozen times in the New Testament where it is stated or stressed. It is not for us to know the times or the seasons at the return of Christ, that the Father hath put in His power. Therefore we can say that God has chosen not to reveal to us when the time will be. Dr. R. A. Torrey told us how one time ~~was~~ 25 years ago, he was speaking at a Bible conference, and another noted Bible teacher was to speak at this Bible conference, and a great student of prophecy this man was ~~going through the prophets~~, and he said to someone, that he saw the program that Dr. Torrey was to speak at, one in the afternoon, and he would speak at 4. He ~~sa~~ said Dr. Torrey will give his message, but he said the Lord's ~~w~~ return will come between the time when he speaks and the time of mind. There is no need of my (3 1/4). That was 25 years ago, and I believe he was wrong. (Laughter). A man said to me about 23 years ago, about a very noted Bible teacher, who had said that after his careful study of the Old Testament he said, the whole basis of prophecy is proven wrong, if sometime ~~when~~ within the next eight months, the Lord does not come. People all through the ages have ~~sa~~ times when the Lord would come back, but God said, it is not for you to know times nor seasons, which the Father hath put in His own powers. And when somebody says to me, he will not come for another thousand years, I say how do you know that? He says, the Father hath put it in His own ~~power~~. And that he said, in such an hour that ye think not, and when someone else says the Lord is coming within these next fifty years, I would say, how do you know that? He said, it is not for you to know the times nor seasons, which the Lord has put in his own power. We do not know when He is coming again. (Student). I think that he should not say, I know the Lord is coming. I think that he should say, I know the Lord might come today. I think they should say we should be ready, for his coming, and He may come very soon, and I may see things in the general ~~things~~ way things are going, which makes me feel that it must be soon, but that is only my feeling and my inference, and I may be wrong. It may be another three hundred years. Nobody has any right to say that it must be within the next three hundred years. The scriptures say, it is not for you to know. But it is vital that we say that it may be very soon, and if we find ~~may~~ many things that make it seem to be very soon, how important it is, that we be sure
