Dear Dr. Buswell:

I enclose the article which you requested. As I read it over, it appears to me that there is a good deal of repetition. Possibly you would like to have this cut out and the whole thing reduced to about two-thirds of this length. Possibly there are other changes which you can think of which would improve it. I would be very glad to consider anything you have to suggest. If it appears under my name, I would not wish any change in the article whatever unless I had been informed of it.

Cordially yours in Christ,

AAM.b
enclosure

P.S. I have made a few improvements on the ms. in ink.
