we've ever known. He's just ideal, we're going to follow him completely.

There's nothing wrong with him, and then we find a little bit of a spot some-  
in him  
where/and immediately he is no good at all. The devil is in him and we have  
no use for him. We go from one extreme to the other extreme, and it is a sad thing  
when we learn that our idol has feet of clay but it would be much better if we  
recognized in the first place that every man has feet of clay and that the only  
one to worship is the Lord. We go from one extreme to the other. Well, we're  
apt to do the same on this. I don't think that you will honor the Lord by simply  
saying, "I'm not going to read anything but the Bible. I think the Lord wants  
you to read other things but I think that every one of us, if we put more time  
on reading the Bible than we do, it would be one of the most vital methods of  
redeeming the time that we could possibly find. I am sure everyone here is  
looking forward to the time when you are just going to sit down and read right  
straight His book with nothing to hinder us. Well, unless you are put in prison  
that time will probably never come and even if you are there you will probably  
have so much else on your mind that you won't feel like getting down to it.  
The time is now. Now is the day of salvation and now is the time when you can  
do it. Some times I'll sit down and the train is late and I have ten minutes  
to wait and I just want that train to come. Of course, once I get in it, why  
it's all right then but I just hate to wait and I sit there and oh, it seems  
terrible, and then I'll take out the Bible and I'll say, "Well, now, let's  
make this time count. Let's start in reading study here," and the next thing  
I know I hear the train come all of a sudden and, "What, has it come already?"  
Why, if you'll get into God's Word and get what He has there for you and utilize  
the moments in reading and study of God's Word you are preparing yourself for  
. Utilize the time to read the Word of God, utilize  
the time to memorize the Word of God. Anybody can learn a verse of Scripture  
a day. If you will recite it ten times, you can do most any verse in a minute  
and a half, recite it ten times, and if you will do it four times a day you  
will probably know it by heart. One verse a day wouldn't take more than a
