

that he gave until he had every little aspect of it worked out ~~xxxxxxxx~~ the best he could possibly work it out, and the improvements in speaking and in the ability of presentation improved tremendously. It takes moosar to utilize the talents which the Lord has given us and to make them effective in His service.

Now this, however, is only the first aspect of moosar, hard work. It is a very vital aspect, ~~bx~~ without it we cannot accomplish for God. We here at Faith Seminary expect you to work hard, and we are not the least bit apologetic about it. Because we ~~knw~~ know that if you do not learn how to work hard here, you will not work hard later, and if you do not work hard in your life, the Lord will accomplish little through your efforts. But hard work is not all. It is only a part of it, a vital part of it, but it is only one part.

Now, a second part which is equally important, ~~if~~ of moosar, is intelligent work, and that is characteristic of each of these people whom I have mentioned this morning. Not simply effort, but carefully planned and directed effort. Intelligent effort, finding the way to accomplish the end that is in view. One time, a good many years ago, I was up in northern Penna., and I was planning to camp out a few days. And I would camp on the porch of a hunting cabin, as a rule, there on a porch it is not so cold underneath, and if it rains you are protected from above. And one afternoon, there, late in the afternoon, I came to a hunting cabin, and I hadn't seen any for quite a distance, and I ~~x~~ put my stuff there on the porch and sat down expecting to make my bed there and spend the night there. And a car drove up, and a group of people came and they were going to spend the night in the cabin. And I told them what my idea had been, and they said to me, and I said do you know of any other cabin near here, ~~xx~~ where I can go, and they said yes, there is a place if you go down this road a mile, there is a cabin just off the road, and ~~xxxxxxxxxxxxxxxx~~ did ~~x~~ it have a porch like that, I had asked because it had then begun to rain, and they ^{no it doesn't but} said that it had got a wood shed that was not locked. And I could step in
