

of gathering the clear teachings of the Word of God and standing upon these and then moving from them into the sections which are less clear. In his commentary on Hosea he urges that we should be careful to avoid drawing that which is not clear from the Scripture. ^A

It is indeed unfortunate that the books of the so-called minor prophets should be so little known among Christians for in them particular notes are stressed which are vital to every believer in Christ. Thus, in Hosea the stress is laid upon God's love to his erring people. this book without coming to a deeper realization of the meaning of God's love. Oh, how he urges that we should follow on to know the Lord and should really over know Him in His character as the loving God yearning/His disobedient people.
