

know their Hebrew and their Greek. I am anxious to have people go out from Faith Seminary who understand the Word of God, who can ~~exegete~~ ^{exegete} and interpret the passages. I am anxious to have people go out from Faith Seminary whose doctrine is correct, who understand the theology, and know the vital shades of meaning on the various points. I am interested in all these things. But if Faith Seminary does not turn out men and women who have a burning passion to make the Lord Jesus Christ known, and who have a longing desire to help God's people to grow in grace and in the knowledge of Christ, and to watch over them, to shepherd them, this word feed is often used in the sense of shepherd, carrying for, not just to bring food, but ...14 3/4...., but all the elements of the work of a shepherd for his people. If you do not graduate with that burning zeal and passion in our hearts, I do not think we can expect that the Lord will long ~~to~~ continue to feel a favorable attitude toward Faith Seminary....end of Record 2

Record 3

.....like a man who wants to take a train from here to California, and he's got a nickel in his pocket, and another man has ten dollars, and the ten dollars may be an awful lot more than a nickel, but neither would get them to California. God desires a burning love for the Lord Jesus Christ, which expresses itself here in a love to His people, a desire to serve them, a desire to shepherd them, a desire which will express itself, not in our sitting down and waiting until somebody calls us to a position, ~~whether~~ where there is a guaranteed salary, and a certain definite duty to do, and you perform those duties, and maybe you spend a month studying on a sermon to make the English of it absolutely correct, and ~~absolutely~~ absolutely sure the doctrine is right, and that it is given in the very best possible way, and you go through these forms and these ceremonies, and you think that you have honored God. All these things are good, but they are good ^{if they are} because there is ~~that~~ that passionate desire in your heart not just to give something that God would be pleased with, but to know that that which will please Him is that he is getting to the people, that He is reaching them, that it brings to them the message that will help them, ~~that~~ that He has for them.
