

But suppose you are not called to be a foreign missionary, what are you supposed to do in this country? Well, you are supposed to sit and wait until you get a call. You go as a missionary to Shanghai, will you sit down in a corner and wait till some group of Chinese call you to come and give them the gospel, or do you go out and try to give it to them? Do you go out and try to reach them? Or do you just sit and wait until they call you? Paul had a vision in the night, come over into Macedonia and help us, and he saw that man. But when he got to Macedonia he never met the man. He found a woman there down by the water. He didn't find that man. They aren't calling you to come to a foreign land and give the Word of God. You don't go because they want you, you go because they need it, and ~~if they~~ its exactly the same in this country. Our Lord says, The field is the world, and the field is the world. In this country you should sit down and wait until somebody gives you a call, somebody says, Come here. Here's a church for you to come to. We are going to5 3/4... in this church, we will arrange to give you this regular salary, you come on Sunday morning, on Sunday evening, and on Wednesday ~~night~~ night, and you preach a message, and you go through the regular forms, that's work in this country. You go to another country and you are a missionary to reach people for Christ. God wants you to be a ~~missionary~~ missionary for Christ wherever you are. And He wants you to look at the people and see them as sheep having no shepherd, and to long that He may permit you to shepherd those people, to reach them, and to win them, and to lead them, and to help them to receive the blessing that He has in store ^{for} ~~from~~ them.

Oh, the difference in attitude. Why should it be that way? I have often said, If a person is so determined to stay in the U.S. and he won't go ~~to~~ to Siam if the Lord calls Him there, God will never use him in the United States, I will guarantee that. And on the other hand if a person has got to go to Siam and that is all that matters, and never does any missionary work here, I don't know if he will ever be a missionary over there either. God ~~wants~~ wants exactly the same attitude whether you are
