

near or far. He wants an attitude which is the attitude which the Lord Jesus Christ had, and attitude that sees the people with their need, and says how will I find a way to reach their need? Not, how will I go up to them? Some people say, Well, these people have all heard the gospel, they have all rejected it, why should we preach to them? Well, most people have rejected the gospel. They have to hear it again. They have to have it presented in ways to ~~xxxx~~ get it into their consci~~ousness~~, in ways to ~~xxxxx~~ ^{reach} them, and to grip them. There is a time when it is God's will we should turn away from one area, and go to another, but that time, it is pretty hard for us to tell, it is a long time....8..., that we are truly trying to ~~xxxx~~ discover ...8..., and discover ways to get the message across, to get it into people's hearts, to reach them, and to win them. He saw them as sheep having no shepherd. Well, here are sheep having no shepherd. All right, you run down there and blow your ~~xxxx~~ whistles, come here, here's the shepherd, I am going to help you. Do you think the shep~~e~~p will follow? You ~~w~~have to win them. You have to drive them. You have to use~~d~~ different methods with different ones. I am often thrilled with the tact of the Holy Spirit. Did you ever notice how that ~~w~~hen God wrote the book of Matthew to win the Jews to Christ, he looked at the Jews there, oppressed by the Romans, suffer~~ing~~ under Roman domination, and longing to get their freedom, and he ~~set~~ them a man who told them the story of God's kingdom. Who said, Here is the king who will res~~ue~~ you from all earthly oppression, here is the king who will lead you out into liberty, the one whom God has appointed as the king. This Roman oppression won't endure forever. Jesus is the king who is going to establish....9... That was a good way to approach the Jews. But how does the Holy Spirit approach the Romans? The second gospel is ~~xxx~~ written for the Romans, the Romans had a king~~ship~~, the Romans had the domination, the had the control, did Mark come to the Romans and say, You folk~~s~~ are ruling the world now, but that won't continue forever, here is ~~xxxx~~ God's ~~w~~ own king who is going to get rid of you for that, and is go~~ing~~ to establish his control in that way....9½...the Romans. No. Mark went to the Romans who had the control
