

those three days were spent under that1½.....

And Then I went from Chigago to Memphis Tennessee, and passed from the verse that says, Ye are the salt of the earth, to the verse that says, Ye are the light of the world. Now of course the salt that we are preparing in Chicago is going to be disseminated, and light will refer to that too, and the light that was disseminated at Memphis came from men who are inddeed the salt of the earth. But the emphasis in each case puts on a different aspect of it. I was in Memphis attending the semi-annual meething of the American Council of Christian Churches. I had the opportunity there of ~~tk~~ taking part in a panel discussion over the radio a few days. One night I spoke at a meeting, an educational meeting at which they representatives of the various schools to speak and tell something about their schools. We had talks by people from various parts of the country, on the work of the gospel in their given areas, and it was a most stimulating experience to have part in getting out the message there, to be in Memphis and meeting these people from various areas. There were seventeen different denominations represented in the actual member of the American Council represented there at the meeting. One of the speakers impressed me particularly. A man who has visited up here, a Mr. Richards. Heis a lawyer in Cumberland, Maryland, and Mr. Richards told us of a work he is doing in Cumberland. He is a lawyer, but about five years ago, he got five men together, and suggested they hold a seminar in systematic theology, and they would meet once a month. Well, they met and he took up with them one of the basic doctrines of the Scripture, and went into it very thoroughly. They took two hours together, at the meeting. And the meeting has grown until now he has 125 men meeting with him every month. Doctors and Lawyers, professional men, leading men in the government there at Cumberland, Md., and they meet and they discuss various features of the Christian faith from, I believe, from the discussion he gave, a little very strong viewpoint. And these people come from many different churches, and he said, we put our stress here on the absolute dependability of the Word of God, and we put our stress on the great doctrines of the Scripture, and he said, on the lesser points, he said, we allow plenty of4¼....., and plenty of freedom of discussion, and he said these men like to discuss viewpoints, but stand
