

develop a style, he said. And I am trying to give a scholarly study of these matters, he said, and eventually I will have a church where this thing will be of value. I don't know whether he ever got it or not, but I am sure that he was not so running that he would win the approval of God. There are some people who like choruses, and the more jangling it is the better, and they hate good solid music, and there are some people who like good solid music so much that they detest anything that sounds like a chorus. But if you are running so ~~na~~ as to obtain, if you are serving the Lord so as to ~~xxxx~~ accomplish His will, the important thing isn't whether it is good wonderful classical music, or whether it is a jangling chorus, but whether it is the sort of thing that will reach the particular people ~~xxxxxxx~~ with whom you are dealing, and will get an entrance to them for the word of the Lord. "So run that ye may obtain." Paul became to the Jews like a Jew to them, under law like under the law, and without the law like without the law. Take these verses by themselves, and you think Paul was just a trimmer, a man of expedience, a man who had no principal, and we know that of all men of whom that's not true, it wasn't true of Paul. Paul had his principals he stood on, but Paul on lesser things was seeking the means that would get a hearing for the Word of God. Would that each one of here, and in days to come would not run, fight as one what beats the air, but would "so run" that we would obtain. Let us pray....
