

generation, and who built it fast, and large and strong and safe. He built into it the best principles of safety then known. (8 3/4)

He made it in five watertight compartments which had (8 3/4) to way up a great height in such a way that, if there should be a collision or something it would still be safe and the boat would still float, even if two of them two-fifths of the boat were the boat would still float because (9 1/2)

It was known all over the world

It is amazing, the list of people who traveled on the Titanic. Has there ever been such a combination of (9 3/4) the prominent of a particular time, traveling on one boat as there was in that boat. (10) Naturally, millionaires were on that boat, Mr. George Widener (10 1/4)

(10 1/2) Is it true what they say, that this boat is unsinkable? Oh (10 1/2)

(11 3/4) ...engaged in conversation and just before midnight, a man up in the forward deck, looking ahead, saw an iceberg, and, seeing that iceberg, he looked at the boat, and he called down, "Iceberg, straight ahead!" (12 1/4) (record unclear to end, 14)
