

to help in getting the message to those who are far away. And the Lord leads us as to which of us He desires to go to distant lands in order to carry the message there and He certainly directs in His Word and everyone should take a great interest, ~~as~~ in every phase of the spreading of His gospel, near and far. But now we go on and we find another ~~if~~ method of leading which many people follow to a very great extent. God said to Jonah . "Go to Nineveh and preach there . And we read in verse three that Jonah rose up to flee to Tarshish, and Tarshish was Spain. That was the ~~exact~~ exact opposite direction from them. Jonah says I don't know what to do. God says ~~Go~~ ~~Go~~ Go to Nineveh. But I don't think that would be good for my country , for me to go to Nineveh. My judgment is that I ought to go to Spain. That's what I think is best . God said Nineveh. ~~But~~ Jonah's intelligence said Spain. and so we read that Jonah went down to Joppa and he found a ship going to Tarshish. The circumstances led him there . He found the ~~door~~ doors opening to go to Spain, but the Word of God said Go to Nineveh. There is a problem of the Lord , very definitely. We believe that the Cunninghams are called to go to carry the Word of God to the people ~~to~~ of ~~Near~~ Nepal. We know the great work they have done there in these past years. We believe that God wants them to go back there now. We believe that it is ⁱⁿ the ~~promises~~ providence of God that they go there to Nepal. We believe that it is in the providence of God, that God opens doors ~~for-us-to-at-~~ before us. The Lord works ~~in~~ His wonderful power. But there is also a providence of the devil. Here we see the providence of the devil. ~~The-Lord~~ Jonah came down to Joppa and right ~~at~~ away there was a ship there to take him over to Spain. I've had people say to me, I was planning to come to Faith Seminary. I was all set to come, to study ~~to~~ the Word of God, to learn to understand the truth of God in order that I could take that Word and go out and give that message aright. And just ~~as~~ as I was getting ready to go I got a ~~it~~ letter from somebody giving me ~~me~~ some money.)
