

chances are that he has heard it from other people before . Whether you are working here, or whether you are working somewhere else. God wants you to never consider anybody as hopeless , never say ~~There~~ They're hopeless, we go on here . God wants you where you are to work and toil and get the gospel to ~~peel-~~ people and here God was so interested in this one individual that he did all this to help Jonah , even after Jonah's failure . The great lessons of the Bible : God is interested in nations, God is interested in world history God has great plans for the world. But God is interested in the individual . He is interested in every one of us, and God has in ~~the~~ this book the answer to the ~~problem~~ problems of your life and mine. He doesn't have the answer ordinarily by ~~our~~ your just opening the ~~xx~~ book and ~~h~~ grabbing a word . That's not the way He wants to ~~live~~ lead in our hearts. He may do it in some cases , he may stoop to your weakness but that is not common . God wants you to fill your ~~mind~~ mind with the principles of the Word, to study it, not to be satisfied with a superficial reading of the words. But to study it, ~~xx~~ get what is there get the principles and make ~~ip~~ it part of yourself so that when you ~~h~~ face a situation , you'll know the answer , because you have found it in the Word of God. Every part of the Word of God ~~is-a-~~ has a ~~h~~ message for every one of us some place in our lives . And ~~h~~ He want s us~~x~~ to be filled with that word so that the Spirit behind us ~~uses-~~using the thoughts we have gleaned from the Word of God and say This is the way, walk ye in it.
