

country, and reach our people, and Khrushchev said we'll have you over to Moscow in a few months, but then he found an excuse not to do it. We are not told here whether Ben-hadad carried out his part of the bargain or not, but Ahaz tried to work out a good coexistence plan with Ben-hadad, and that was not the Lord's will, and the Lord got the message to Ahaz through what the prophet did. You've been very busy here and there, you've been working out your clever plans, you've been arranging how you're going to do it, but you haven't looked to see how the Lord wants it done, to see how the principles of righteousness can be applied to carry out the Lord's will. As thy servant was busy here and there, he was gone. You know, I think these words have a message for us.

Anybody who has been able to get through college and into seminary is not extremely lazy. He has done a good deal of work to get this far. There are many people in life who just (6 1/4) lie around and accomplish nothing. Many like that. But I don't think we get many like that here. Most of you are pretty busy, but are you busy doing what God wants us to do? As thy servant was busy here and there, he was gone. He was busy about his own concerns, his own things, that which interested him, and he neglected the path that had been put before him, the one big thing that God had put there, that He wanted him to accomplish. As thy servant was busy here and there, he was gone. You know, I think this is true of so many an unsaved person. So often a person knows the Bible is true, they know they ought to accept Christ as Saviour, but they'll think about it later. We'll look into this later, we will investigate these things when we get time, we are busy now with the things that we have to take care of now. We are busy with the things that we feel like taking care of now. We are busy with the pleasures of the ~~present~~ present time, eventually we will ^{look into} ~~think of these~~ eternal things. As thy servant was busy here and there, he was gone. No one knows when a man's opportunity comes to an end. No one knows when our Lord Jesus Christ may come back, and put an end to the opportunities of people to turn to Him and ~~sa~~ turn from their sin and accept Him
