

And then our third step is to consider the problem carefully. And if we consider the problem carefully and ~~we~~ if we consider the problem carefully and are sure ~~in our~~ that our personal desires are not affecting the decision in most cases it is very easy to make a decision. There are some cases where it is very difficult. Other places where it is very easy. But I think when we reach that point and when we are sure we have reached that point, I think that then we can say that the Lord ~~has-~~ wants us to make the best decision ~~with~~ that we can and step forward. The ~~fourth-~~ fourth step of guidance is to make a ~~des~~ decision and step forward and stand by it. And don't ~~thing-~~ think that every week or every month that we want to reconsider. ~~This-~~ If there is much evidence it may be very easy to know just the direction that God wants you to go. If you have little evidence it may be ^{comparatively} ~~terribly~~ difficult to know, but when you have ~~made~~ made the decision, if you have ~~make~~ made it carefully and desires have not been a vital factor in the decision, then you can say that God will ~~ever~~ overrule if you have made a ~~mistake-~~ mistake. And Romans 8:28 says God makes all things work together for good to those that ~~love~~ love the Lord. Now who are the ones that love the Lord. Not the ~~one~~ one who is looking for ~~his~~ his own fame and ~~getting~~ getting the thing that will get praise for him. Not the one who is looking for the bigger salary. Not the one who is doing this sort of thing because he feels like it, but the one who ~~has~~ has learned to ~~concentr-~~ concentrate --to put God first and to really seek God's glory in ~~his~~ what he does. He is the one ~~the~~ ^{evenly balanced} that loves the ~~Lord~~ Lord and if circumstances are so ~~easy~~ ... that it is very hard to decide what is right, ~~then~~ make your decision and step forward and God will work ~~for-~~ things in accordance with His ~~will~~ will, and if that is not the direction that He wants you to go ~~He~~ He will be put a ~~stone~~ stone wall in front ~~you-~~ of you and ~~He~~ He will twist
