A-3

those

on that which is degrading. But we have to _mix_ / things, we have to set certain
win
standards, and we have to ~~have~~ certain recognition.   We must win recognition for our
the kind of
skill and for our ability, but let us not try to get/recognition that requires _____

or sinking ourselves in sin in order to get it. W_ell, ~~must~~ we must seek God's
to
power in the world, and /see how God controls the world, is very important.   But

I think that it is often unfrotunate that Devils works really hard in the world.

When I started the Church History course, we want to see how God works, but

we also want to see how the devil works. There is a problem evidently. It is

wonderful to study something about Scotland, and study about other countries,~~where~~ where
measure
the Word of God has spread through those lands,   change the whole ~~misery~~ of the

country , has made such a tremendous effect upon them. It is wonderful. But

when we spend some time ~~about~~ spending areas of ~~life-of-Paul and~~ Poland, Czechoslovakia,

where the Reformation has wonderfully started, .. in Scotland or in Germany, about

_____ ~~wu~~ such a wonderful start, and where the working of Satan or

the compromise entered into the people's minds by doing some people a/ / ~~lot-of-~~

~~people.----that-X-compromise-~~ little evil with / lots of good with comp/romise.

That by doing little evil lots of godd may come, ~~then-evil-eame.--~~we ~~have-seen-this.~~

instead, lots of evil came. We need to see it. We need to see both sides of a

picture. We are to learn to realize that the world that God controls but that God

permits the Devil an awful lot of freedom and he has a measure of freedom in the

heart of every individual including the _____.   (2.70) We-~~lear~~ need to learn

that now. Somebody said two or trhee years ago ,"Oh," he said, " ~~So-and-so~~ H_ow

a person _____!" He said, "~~If-my-idol~~ I found my idols have need of

place? ...."   We have good faith in out God and not in any human being,
be in the
because every human being will err, and everyone has go to ~~the~~ place ...   that is
