Aug. 14, 1965.

Lecture, 1965 Summer, Geneva
Dr. A.A. MacRae

One of the most effective missionary enterprises in the history of the world, one of the most ~~more~~ successful, one of the most effective, and we will want to see certain very vital principles that entered ~~into~~ into its effectiveness, and places at which its effectiveness could have been completely destroyed, if it were not for the careful supervision and guidance of our Lord. We noticed yesterday certain principles which are vital in our understanding of the Old Testament and equally ~~is~~ vital in our understanding of the situation today. We noticed that God could wipe ^{out} the world of sin with ^a the wave of the hand, if He chose. He ~~could~~ could completely demolish ~~with~~ ^{it or} like your ^{could} stepping on an ant and put an end to it. But in the nature of the universe, ^{as} that God has created, ^{it,} in the nature of God ~~as~~ ^{He} exists, He could not have men who ~~are~~ were beings who would love Him for Himself, ^{beings} who ~~are~~ ^{are} grateful to Him for what He has done for them, beings, who are not automata ^a but living beings, without the possibility of sin, and so if we realize the terrible nature of sin, we do not have ~~a~~ questions how as to ~~who~~ there could be misery in the world, if there is a god. ~~Now,~~ ^{Our} question ~~is~~ ^{should be,} ~~is~~ ~~how~~ ~~can~~ ~~there~~ ~~be~~ ~~less~~ ~~than~~ ~~five~~ ~~times~~ ~~of~~ ~~misery~~ ~~there~~ ~~is~~ ~~when~~ ~~sin~~ ~~is~~ ~~as~~ ~~terrible~~ ~~and~~ ~~widespread~~ ~~as~~ ~~it~~ ~~is~~. If we realize the nature of sin, its power, and its subtlety, ~~we will not,~~ in And constantly see how ~~to~~ we will look for it/ourselves, ^{to} God wants us to improve and ~~find~~ the areas of sin in our lives / that we have not realized before, which may be cutting down our effectiveness, ^{and} holding us back ⁱⁿ and ~~hinders~~ ^{hinders} our progress in ~~the~~ the Christian life, and ~~at~~ the same time, I ~~do~~ think that it will lead us to be a bit more tolerant ^{of} others because it is ~~a~~ ^{so} sort of easy for us to
