Or Anyth- book that ~~is~~ written, if you take a sentence out of the context, ... God
wants us to take sentences in the context, to study the book as a whole and ~~ee~~ to
see what it means to get its principles, so that you can take this verse in Psalm
32, and you will be able to say God is guiding me with His own eye, because
, ... He has taught the principles and purposes so thoroughly, He instructs
us in the way in which I should go, and that I am not like a horse or mule and have no
understanding...
that should be ~~eh~~ held with _____ and bridles ~~////~~ and turned in this direction
me
or in that direction. But He guides ~~with~~ His own eyes, because I have learned
His will... I remember some instances ... riders sometimes just pat him ~~X~~
on the side, and touch him, and just slightly, ~~=~~ and then the horse moves
us to have
to what the master wanted him to do. God wants ~~✓~~. that close relationship
with Himself. Then we have seen a number of ways which are not true ways of
~~that~~ God's way guiding. What is the true way? What is the true way of God's
guiding? Well, the first thing, the most important thing is a negative thing.
You know when somebody likes you. ... three kings who went round and round
the south of Judah, and these kings were going up there to attack Moab, and they
got into a very difficult situation, and they said, what ~~✓~~ can we do? And someone
said, Well, they like you, and pour water upon the hands of Eli~~a~~jah, and let us
ask him what ~~w~~ should be done. And they ~~calet-~~ called Elijah and Elijah looked
at the king of Israel, the apostate king there and he said, I cannot tell the Lord's
has
in front of that man. He said, I cannot do it. Oh, he said, ~~oh, -Lord-~~ the Lord
has brought these three kings here, ~~and he was mitted~~?? ... destroyed?
Do tell us what the Lord's ~~will is, -~~ word is, and Eli~~a~~jah said, ~~they cannot do it.~~
Bring him in, and they brought him in, ~~✓~~ and ... and then Elijah was able to
tell what the Lord's will was. Some people say that that was magical. The
music enabled Elijah to understand the Lord's will, ~~But not at all. /~~ The purpose of
and
there was to quiet, ~~to el-~~ calm Elijah's heart, and they tried to get attention
away from the things of the earth ~~✓~~ so that he could concentrate wholly on the
things of the Lord. And the reason that we do not know what the Lord's will
is ~~is~~ because within us the voice of our ~~personal-~~ personal desire is speaking
