

first thing in guidance is to ~~look~~ learn to know that God has an inscrutable will that is tremendously important, and if you do not fully understand but to be happy, and take whatever is His will, if it be. / as Paul said, a I am able to / bound and I am able to suffer ... to rejoice in ~~wha~~ whichever He sends, because He may / purpose in them. If ~~gives~~ He gives you to abound, you can ~~accomplish~~ accomplish more for Him. If you suffer less, it may be that it is His intention to have an affect upon your character, that is part of His will for you, to learn to put first the desires to serve Him and to accomplish His will, whatever that will might be, and thus we still...the ~~fox~~ voices of the flesh that will lead us in this direction and that direction, ~~and~~ I have known of missionaries who wanted to become missionaries because they wanted to ...they thought it ~~is~~ would be wonderful to ~~live~~ live in another country, where they would have all kinds of interesting ~~expre~~ experiences, and I have known of other miss onaries ~~would~~ who became missionaries because they ~~have~~ hate d the though of travel, they just detested it, and they thought if I really love the Lord , even though I hate it so much I will do it , in order to show Him how much I love ~~x~~Him. Well, God doesn't want us to do it for either reason. He wants us to do ~~itx~~ whatever we do because it is the way that we can best glorify Him and not the ~~way that~~ way that we can best satisfy some particular feeling or craving of our final craving of our carnal nature. So then this is the first thing, He wants us to learn to put the voices of self, ~~the~~ ~~side~~ aside and not to listen to them, and to be ready to put His will and His purposes first in all things. Now, once we are ready and able ~~to~~ and it ~~make~~ may take some time, but once we are ready and able to be satisfied and contented with whatever he ~~x~~ sends, and ~~with the~~ to do the ~~is~~ very best to serve Him ~~x~~ effectively in ~~what~~ where ever he wants us to serve Him, ~~but we really~~ once we really have it , not just something we say, but something that we feel ~~x~~ from the bottom of ~~hour~~ our hearts, then he wants ~~is to~~ us to investigate carefully to find out what our ~~cha~~ character is and abilities are, ~~x~~ to see what we can do ,and can't, do, and not to feel that this ~~is~~ the only side of Christian service that matters, maybe it is tremendously important but maybe God's ~~hasnt~~ given you that particular ~~giv~~ ~~fig~~ gift, let's learn to look at ourselves objectively and see what the gifts are that we have.
