

is there through God's power in Christ. This is the great point of the victorious life which was -- there was a large movement about 50 years ago in England and in this country. And the Victorious Life speakers went over the country stressing this great idea, but as you examine their writings and what they say it is clear that it was this great vital truth that our sanctification which is a continuous process, it is not something like our justification. Our sanctification is something that is accomplished not by our striving, not by our works, but by our resting in the finished work of Christ. By our looking to Him to reveal to us what is wrong in our lives, and to show us how we can find deliverance, <sup>from it</sup> but that deliverance is through the power of Christ, through utilizing that power, through resting in Him and letting Him work in us. The power is there available. The power is not there to say I want to be completely sanctified right now. Sanctified now is not possible, it is a gradual process. But it is a process whereby the Holy Spirit reveals to us new areas of our life, of our thought, of our activity, new areas in which we have been sinning and haven't been realizing it, and when we see these things we try to overcome them, we try to get deliverance from them, we try to turn away from them, but our duty is not to work in the power of the flesh, but to learn to rest in the power of Christ, and let Him take control, let Him live his life in us, to be able to say as Paul did in Gal 2:20, "I am crucified with Christ, nevertheless I live, yet not I but Christ that liveth in me, and the life which I now live in the flesh I live by the faith of the Son of God who loved me and gave himself for me." So Lord, we are to realize we are crucified with thee if we have taken Christ as Saviour, and that He has the power that He wants to make available to deal with this matter, this matter, this matter, and the Holy Spirit brings it to our attention and will give us victory over them. So that this foundation while constantly in mind represents a completed act of God that need not be repeated, and it is vital for the Christian to realize where he is; that he is not in Egypt longing for deliverance, but that he is in the wilderness looking back on his deliverance which he has had, and making it true more and more in his life. So that was number 1 under this - Number
