us not just go out and make great sweeping statements, but help us to get facts and to present them. Help us our Father to give people evidence, to know that God gave people their minds to use, not simply to cast aside and abandon. That God wants us to examine the evidence and see the facts, and we know that the facts carefully examined point to the truth and dependability of the Holy Word. And O we thank you Our Father that the word which we can trust points to our God and to Jesus Christ our Saviour. Help us we pray not to misplace our trust but to put it where ~~it~~ it is your will it should be -- in the Word you have given, in the Written Word and in the Living Word. We thank you for Jesus Christ who gave His life that we might life. Help us we pray to give our lives that other people may life through receiving knowledge of what Jesus Christ has done, and how they may be saved through His precious ~~Word~~ Blood. We ask in Jesus Name. Amen.
