

And you'll find that thing over and over ^{again} ~~again~~ in life. And you'll find it over and over in the HC attack on the Bible. Let's not make sweeping statements: "Every statement in the Bible can be proven as true. There is no real problems in the Bible." Let's not make foolish statements like that because a Divine Book, an infinite Book is going to have problems. It's going to have many things we don't understand. But let's take what we understand and stand upon it. And let us know that there will be problems but if we go on studying more and more in the light of what we already know and what the Holy Spirit reveals to us we'll find the answer to the problems. And the more you come to understand the more you become aware of things that you don't understand, and many of them we will never know until the Lord in Glory explains everything to us. But thank God He gives us new light ^{constantly} ~~upon them~~ and shows us the answers to things that were real problems before. And thank God that in 3 cases out of 4 where attacks are made on the Bible all you need to do is to look closely that the evidence that is now available and you find the answers. And O how sad it is when a man goes out to serve the Lord, and he meets with people and he's faced with a difficulty or a problem and he ~~doesn't~~ doesn't know the answer, but yet the answer should have been known by him. There are many cases where we can't know the answer, but the great majority we can. May the Lord enable ~~us~~ each one here to go out and serve the Lord ~~effectively~~ effectively --- not to turn away from the calling of the Lord, but to follow on to serve Him and to perform His purposes. And may He enable you to have zeal and strength and determination to present his word with power and effectiveness. But O may He enable you to see the importance of getting a thorough knowledge and thorough understanding so that when people bring problems to you and when you come before difficult people, you won't have to say, Let me take a month and look into it, or let me go back to school and ask one of these professors. There will be times when you have to take these two approaches but may the Lord enable you to so fit yourself that in case after case you will immediately have the ans. and God can use that ans. as He desires to do to win people from darkness to light, or to strengthen people's faith in the truth of God's Word. Let us pray. O God our father we thank you that we can trust your Word. We thank you that we can know that it is true. But O our God let
