

10 2/28/73 Eph. 6:10 AAM

Finally my brethren be strong. You may feel weak, you may be weak, but speak out. Stand for God. Make your life accomplish something for Him and there is no knowing what He may accomplish through the weakest of human beings if we truly look to Him and then step forth and stand strike out to accomplish His purposes.

Let us pray. Our Father, we would indeed pray always. Help us to be in prayer always in communion with our God. But Oh our Father help us to remember that our contest is not with flesh and blood it is with the world forces of this darkness, it is with Satan and his hosts who will attack us on every side. But Oh our God help us that the gospel of peace may be strong within our hearts. And help us that when things are going nicely we may give attention and heed to getting ourselves fitted and ready, and increasing our communion with Christ that when the evil day comes, we may stand and having done all may still stand. We ask in Jesus' Name. Amen.
