

going to actually grow in grace and in the knowledge of the Lord? Seek to make all decisions in such a way so as to advance these three main aspects of the will of God.

7. Sleep over all important decisions. God doesn't want us to jump to decisions. How easy it is in a meeting to raise your hand. Somebody tells you about the need of Afganistan. You are tremendously impressed. Now who will go to Afganistan? Raise your hand. It's too important, some of these decisions to make suddenly. Think them over. Sleep over them. Don't make sudden decisions on important matters, Sleep over all important decisions.

8. Don't waste time on unimportant decisions. Three-fourths of the decisions we have to make in life are very, very unimportant. And people waste a great deal of ~~time~~ time thinking about them. Particularly if they are decisions on which you do not have sufficient data to make a correct ^{answer.} ~~decision~~. Unimportant decisions He wants us to make and step out and act upon them. Not to waste time on them.

9. Trust God to lead. You go into a restaurant, and you want your desert. What shall you have? Shall you have lemon pie, or shall you have strawberry pie? Well it's a decision, and it probably is of no importance. Whichever you feel like. Whichever looks the best, just take. But it may be the most important decision of ~~your~~ your life. One of those may have poison in it. It may have spoiled food. It may kill you. It may make you sick for a long time. We can trust God to lead us in the common ordinary decisions. We must trust Him to lead us. We must know that He knows all these things, and that if we truly are seeking to do His will, He will lead. It may be that you are ^{the} one person who can do a great work in Afganistan that is needed. Or it may be that you can do a work in Ohio that is tremendously needed, and that
