

money, he said, I'm going to put a hold in that ~~drab~~ drum." So Luther wrote his 98 theses simply for a temporary purposes and God used it because it was God who started the reformation, not Luther and in a way Luther never dreamed of. Luther figured, Well on All Saints Day there will be great drowds coming to the church and there will be a lot of scholars among them. I will write these ^{SOME} theses in Latin ~~and~~ discussing this thing and showing the error of it. These men will discuss it and see the error of the indulgencé controversy. What Tetsel says is certainly contrary to the church's teachings. They will ~~hear~~ see it. They will speak out against it. This terrible thing Tetsel is coing will be stopped. So Luther wrote these theses and fastened them on the church door which was the customary way then for ~~writing~~ people for a discussion. Then on the morning of All Saints Day the people came to the church. And as they came they saw this writing ~~and~~ they in Latin, and people said, What's that? Oh they said, It's some kind of a scholarly discussion that one of the ~~preffes~~ professors has written." Well they said, What's it about?" Somebody who knew Latin started to read it. Oh the people said, Do you mean that these indulgences we've bought are not worth any thing? Have we been cheated? Is that what he is saying? Well they said, That's what it ~~sh~~ sounds like. Well lets hear the rest of it. So they read it to them. Then somebody translated it into German and they took them to the printer and had it printed in German and in Latin. Luther did not have them printed. This was done by people who copied them from he chutch doors. ~~6~~ And within 3 weeks they were all over Germany. Within 6 weeks they were in Rome. Within 9 weeks they were for sale on the streets of Jerusalem. Luther never dreamed such a thing would happen. Pope Leo X came in from the hunt. He came in through the hall and as w he walked down the hall one of his chamberlains came running up to him ~~and said,~~ ^{ANNUNCIANDO DIVINO} "Your holiness your holiness, Look at this! He said, What's that? Why he said, some theses that a monk in Germany has written. Well he said, Let's see them. Say, he said, The German writer pretty good Latin doesn't he?" And he went on.
