

empire of the Medes and the Persians we couldn't be sure . It is interesting that there is the double aspect of this and to that also but that wouldn't necessarily be a part of a Christian, But then the third empire, you remember that ~~et~~ it said that the belly and thighs were of copper and ~~k~~ he said there is going to be a third empire and it was about 250 years after the time of Daniel that Alexander the Great ~~started the~~ starting from a little tribe in the north of Greece, his father having ~~come~~ conquered most of Greece. He proceeded to lead his armies with the most extensive conquest any man had ever~~x~~ made up to that time and conquered the whole Persian empire and his ~~emp~~ captains and his leaders drove away great series of wagons ~~fei-~~ filled with gold and ~~g~~ jewels and all kinds of plunder ~~th-~~ that the Persian empire had in the past, and Alexander the Great took over that tremendous territory of the world, quite a bit larger than the area than that the Persians had run, and so ~~se-ha~~ we have this third ~~empire-~~ empire , this is compared here to copper. And the Hellenistic civilization that followed it extended for a period of about three centuries and ~~at~~ had a tremendous influence in that whole part of the world there, and ~~th-~~ it is suggested here in this third ~~kind~~ kingdom that was described of Nebuchadnezzar , then he says that the ~~wh~~"fourth kingdom ~~whall~~ shall be stong as iron: forasmuch as iron breaketh in pieces and ~~subje~~ subdueth all things: and as iron that breaketh all these, shall it break in~~x~~ pieces and burise." ~~AK~~ And after the successors of Alexander the Great ~~hz~~ had been ruling in different parts of his empires and had been broken up into four main sections ruling therefore about 320 years, we have this new region which had ~~been~~ begun in the West of Rome and the Roman ~~E~~ power extended in all directions and eventually came into conflict with the different sections of Alexander the Great's empire, and took them over and did not reach all of
