

that a human spirit comes into existence because two human bodies perform a physical act. That brings a body into existence, but not a spirit. God ~~he~~ creates a spirit and He assigns to each spirit such body as He chooses. He has assigned to each of us a body with certain strengths and certain weaknesses, certain natural tendencies, certain natural desires. He has assigned it to us because He knows that it == this particular body has in it the potentialities to ~~be~~ enable that spirit to develop the way He wants it to develop. X He does ~~not~~ not want you just supinely to sit back and say I can't help something, that's the way I'm made. He wants you to straggle and try to make yourself such a one as He wants you to be and to accomplish what He wants you to accomplish. Paul said you have not yet ^{resisted} striven unto blood striving against sin. God is not interested in producing weak, supine, spirits. He wants spirits that are ready to work and struggle to accomplish the best they can for Him, to learn truly to know Him and become like Him. He wants us to work. Some of us He gives the/^{capacity}~~capacity~~ that we can easily accomplish a great deal. Some of us may have to work very hard to accomplish a little. God knows what it is. He is interested in whether we are really faithful, really doing the best we can with the body and mind He has lent us for a time. It is His will we should do our best to be healthy, but if He sends ill health in spite of the best we can do, He has a real purpose in it for us. If he sends an accident that is not our fault, or éven if it is our fault, it is part of His purpose and for our development and training to be what He wants us to be.

You have a part in God's plan. More == Equally important you are a part of His plan. You are a part of His objective in making this e== universe, producing these bodies that He lends us for a period is to enable our spirits that He has created to develop into exactly what He wants them to be. May God enable us to realize how insignificant w each of us is, and not to ~~be~~ get
