

The day of prayer is a good time to think over clearing up problems of this type.

There is still ~~another~~ another look that's ~~important~~ important. Again Isaiah saw this look. Back in Isa. 6 we noticed that great vision he had. He saw God! Then he saw himself. Then the ~~cherub~~ seraphim brought the coal from the altar and touched his lips. There must be the coal from the altar. There must be the sacrifice of Christ that not only brings us into the kingdom but is the background for our sanctification and our progress in the things of God. After Isaiah saw that we immediately read, v.8, "Then I heard the voice of the Lord saying, Whom shall I send, and who will go for us? And I said, Here am I send me." We read in the NT how Satan took Jesus up to the top of a high mountain and showed him all the kingdoms of the world and said, All these will I give you if you bow down and worship me. When ~~shows~~ Satan shows us the kingdoms of the world, or even a little part of them, it will be yours if you do what's wrong, we must say quickly, Get thee behind me, Satan. But God wants us to look at the world and see the possibilities, and he wants us to interested in all the kingdoms of the world. Each one of us wherever he leads us he wants us to be interested in all parts of His world.

I'm very happy as I hear of students here who have a vision to go to somewhere in S. America. Somewhere in Africa. Somewhere in Asia to carry the message of God, the message of salvation thro Christ to people who do not know Him. We want to lift up our eyes to the world. The field is the world. I hope you will take part in these missionary prayer meetings on the day of prayer. God wants us to look at the world. To see the world with a witness everywhere. I used to notice one thing. People who wished to be missionaries and to go to a place where Jesus was not known, and
