

me here and you say, if you have never heard ~~of~~ where I was born you could look me over from top to bottom. You could survey me from side to ~~ick~~ side and I don't think you would~~k~~ know what town I was born in. You could take all kinds of investigations of me , you could weigh me, you could measure me, you would probably not even find what state I was born in, ~~is~~ though some~~er~~ people could tell that from the way I speak. But I don't think anyone would guess that I was born in the copper mining town of Calumet, Mich. unless I revealed it to them, I communicate it to you that ~~Michi Michigan-~~ information. ... and it is the surest way of getting knowledge providing we get our information from one who knows. God knows more than any ~~mx~~ man could possibly know. And also the Bible says it is ~~H~~ a revelation from God. It is going to be the very surest way of information that we could possibly find. ~~Ex~~ The greater part that anyone knows he gets by communication ~~x~~from ~~ox~~ someone else. .. in Cal. a few years and go and there on the top I came to that great telescope, that 200 inch ~~tes-~~ telescope that was put on Mt. _____, but I wasn't interested in the _____, I was intereste~~d~~ in another one that I was told about, a midium size telescope but it was trained on the sky, and they told me ~~th~~at every few minutes at regular intervals they took a picture of the sky and they took these pictures right straight through the day, and they said there-~~was-~~ were about ~~xi~~ ten other stations around the world , up on high mountains, where they took a picture of the sun at regular intervals and then they put them together. Now, if you were to take the picture from Mt. Hugel and look at the sun today and see a great storm around the sun and see the changes ~~th~~at take place
