

And Jesus said, AAll power in heaven and earth is given unto me. Jesus has the power to enable us to go forward ~~in~~ in spite of Satan and accomplish what He wants us to do if we keep our eyes on Him and put Him first and not ourselves. That is some and no one of us will ever succeed all the time.

God has His purposes and they may be difficult to understand. This we can know, every experience in our lives, even the attacks of Satan, even the devices of Satan are part of God's (wise) plan and God desires to mold us and shape us and fit us into what He wants us to be in order that we may go to live with Him through all eternity. ¶ Let us pray:

Oh God our Father we thank thee for Jesus Christ. We thank you that He is God, that God is in three persons, that Jesus Christ is God (indistinct) and we thank you our Father that your plans are true and will last and it is your desire that we conform ourselvess to them. How Satan tries to make us discouraged. Maybe he is leading us to put our attention on earthly things instead of the things of the Lord. How ready he is to try to lead us to put our efforts into that which will not accomplish instead of that which will accomplish your will. Oh our God, we are facing forces that we cannot meet in our own strength, but we thank you our Father ~~that~~ that in the strength of Christ we can meet everything that may be ahead and that as we keep our eyes on Jesus Christ and submit ourselves to God and seek to put Christ first in everything, you will work your ~~own~~ purposes, your perfect will and in the end will bring us to the place ~~xxx~~ that you desire to. We thank you for it. In Jesus'Name. Amen.
