

the fiery darts        This corresponds to the fiery darts of Satan that would destroy us, but as he pulls so ard in that direction, and we ~~we~~ pull so hard in this direction, if he sees he cannot pull us across the line, all of a sudden        suddenly he lets go and we fall back        we land on our back backs, useless. WE fall to the ground, useless for further resistance. This represents his wiles. This is        one of his wiles-- to get our attention moved from the great things of the Scripture to the lesser points, to get our attention focused        on some of the thousands of matters that God has not revealed to us. Comple        Complete or secure knowledge is only in God, and only can be found        can be found only in His Word. (?)        words. (?)        ~~W~~ Yet how often we are content        ~~one~~ one of Satan's wiles to get our attention away from the Word of God. We read a few verses of it, pray God to bless them to us, and then go on to use our own brains and efforts to attempt to accomplish His purposes. Satan will drag ~~us~~ us into unbelief if he can, but if he fails he will let go and he will cause us to fall back into fanacitci fanaticism, and into assuming attitudes that hinder the Word of God instead of advancing it.
