

30: Another woe comes to the Jews who rebelled against Jehovah and made alliance with Egypt instead of trusting in Jehovah and in His Spirit. They will send their ambassadors to Egypt(Hanes) and send their tribute to the king of Egypt. They trust in the shadow of Egypt and take refuge in the strength of Pharaoh. But their trust will turn into vanity because the Egyptians can't profit them. As the alliance with Egypt openly rebuked, their false confidence condemned and ~~it~~ as its fatal character.

Then the prophet tells to the people the burden of the beasts which comes in from the south. What is the burden? It is pretty hard to explain but clear thing to realize is that the beasts would be awfully harmed the Israelites. He continues to describe concerning the beasts. The Lord asked the prophet to write a book all about it that it may be preserved for ever and ever because they haven't hear the Lord and the seers and the prophets prophesied deceits and as a whole this people have turned aside from the Lord-the Holy One of Israel.

In the Holy One of Israel, they can rest in quietness but they still said, that No, they can flee upon horses by riding upon the swift. Therefore they shall be easily fled by one or five.

But He is also gracious and justice God who will be merciful to those who wait for Him. Then He will them weep no more and make them see their teachers and make them overthrowing all their graven images and take their way in which He sows. He will open their field and make it turn to be fruitful from wilderness. He will repair every thing broken by the war and heal the stroke of their wound by leading them to the rock of Israel and by burning the power of Assyria with His flame of angry fire like a stream of brimstone. So He will bring both spiritual and material blessing to Israel on the one hand and make Assyria completely destroyed with His burning fiery anger.

31: The prophet continuously warns against their false confidence in Egyptians. So Jehovah who is wise and unchangable, will arise against the
