

important type of life--spiritual life, eternal life-- is available for all who will look to Jesus Christ and trust Him and be saved through His precious blood.

It is not unscientific to believe in God; it is not unscientific to see God's hand in the universe; in fact it is darkness and blindness to shut one's eyes to the Creative Power and only to see the results. The more intelligent one is the more he should be able to see the signs of God's presence in the world about him. Oh, that we might each of us look to God the creator of the universe, see His hand in all things, and accept His son the Lord Jesus Christ as our Saviour through all eternity.
