

me here and ~~you~~ say, if you have never heard ~~of~~ where I was born you could look me over from top to bottom. You could survey me from side to ~~ix~~ side and I don't think you would~~x~~ know what town I was born in. You could ~~take~~ ~~all kinds of investigations of me~~, you could weigh me, you could measure me, you would probably not even ~~find~~ ^{be able to determine which} what state I was born in, ~~is~~ though some~~x~~ people ^{might} could tell that from the way I speak. ~~But~~ I don't think ^{that} anyone would guess that I was born in the copper mining town of Calumet, Mich. unless I revealed it to them, ^{A Revelation} I communicate it to you that ~~richi Michigan~~ information. ~~...~~ and it is the surest way of getting knowledge, providing we get our information from one who knows. God knows more than any ~~ix~~ man could possibly know. ~~And also the Bible says it is ix a revelation from God. It is going to be the very surest way of information that we could possibly find. For The greater part that anyone knows he gets by communication xfrom oix someone else. . . in Cal. a few years and go and there on the top I came to that great telescope, that 200 inch ~~teel~~ telescope that was put on Mt. _____, but I wasn't interested in the _____, I was interested in another one that I was told about, a ~~med~~ medium size telescope but it was trained on the sky, and they told me ~~tha~~ that every few minutes at regular intervals they took a picture of the ^{sun} ~~sky~~ and they took these pictures right straight through the day, and they said there ~~was-~~ were about ~~ix~~ ten other stations around the world, up on high mountains, where they took a picture of the ~~son~~ sun at regular intervals and then they put them together. Now, if you were to take the picture from Mt. Hugil and look at the sun today and see a great storm around the sun and see the changes ~~tha~~ that take place~~
