

to those whom He has made. It would be very strange indeed if He did not. . . .if it were not that in these days through the direct activity of Satan and also through the outworking of sin in the human heart, many have tried to put God out of their hearts and minds, ~~and~~ to such an extent that in great sections of our civilization today the ~~attitu-~~ attitude is taken th~~a~~t God doesn't exist. People don't say that, but they act as if there was no God. And the other ~~questi-~~ question as to whether we have a revelation from God is , Is there a faithful <sup>g</sup>od who ~~will make a~~ <sup>has made</sup> revelation to us. Now, . . .He managed to get . . .but one day And people today are attempting to explain away the evidences of God's activity and power. You can't explain them away because ~~there~~ there are the footprints of God in ~~every-~~ every direction as we go. If you were to walk with me in the mountains. I love to get out into undeveloped country. If you were to ~~w~~ walk with ~~me~~ me in the . . .area and we were ~~to~~ to look at the trees and the hills' and everything, and here we see a . . .It is perfectly evident that there is . . .but anyone that can believe~~x~~ in the existence of the infinite God. There are people who perhaps don't believe in the existence of other people. We ~~hae-~~ . . .but each one of you acts and feels , and yet we just accept for granted . . .and ~~we~~ if we can believe ~~x~~ in the existence of finite beings like this, it would be strange indeed if we did not believe in recognizing this great universe in which we . . .came into existence because an infinite person formed it that way. All the evidences that we see ~~who~~ show ~~that the universe~~ there is a mind that directs us and yet you know , sin disturbs our faculties. We seek the holiness of God and the result is that we ~~x~~ pick up a magazine , we pick up a newspaper, . . .And ~~scientiest~~ scient~~ists~~ today are arguing about~~x~~ these three theories of how the Universe came into existence.
