

which is unparalleled in any other ancient literature. We do not have the exact Bible as it came from God preserved absolutely without error. Our occasional minor error has been crept in, but we are close to it, so close to it, and so when we find a truth taught in two places in the Word of God, we can stand upon it, and ^{say} without a shadow of a doubt that ^{this} ~~it~~ is definitely a part of what God revealed to His ^{people} ~~prophets~~ in the ancient times. There is a very unfortunate ^{second} ~~statement~~ statement in the ~~column~~ column of the Introduction where it says that the Bible "inspired some of the most heroic and some of the most ^{sinful} ~~sinful~~ episodes in history." It is certainly true that the Bible has inspired many most heroic episodes in history. The statement, however, that the Bible has inspired sinful episodes is quite ~~without~~ without foundation. How could God's ~~xxx~~ Word inspire sinful episodes? Wicked man may misinterpret God's Word and may proceed to do what is wrong as a result of something that they read into the Word, of God. Even such incidences, however, ~~xxx~~ have been few indeed. It is certainly not true to say that it has inspired some of the most sinful episodes in history. Furthermore, if a man with a wicked ~~of~~ heart hunts through ~~the~~ the Bible to find a text to support what he says, this is certainly no proof that the Bible has inspired him in seeing what he did. It is the sin of the human heart that leads him to ... There is only one way to cure sin. That is the way ~~that~~ that is given in the Bible. It is salvation through Jesus Christ which is known only through the Bible. ~~With~~ Without it we could know nothing about it. It is only this way that we can get victory ~~xxxxxx~~ over sin. It is truly terrifying to think that a book should have been distributed all through America which would say that the Bible has inspired "some of the most sinful episodes in history."

In the same second column of the Introduction to the issue of the Life it says that the Bible has "internal contradictions and crudities." What a terrible
