

Hedegard. Dr. Hedegard is already exerting influence on several continents although his greatest influence has been in Sweden, where about 40 books have been published which he has written. There is nothing uncertain about the witness of David Hedegard. He stands for evangelical Christianity; He stands for the Word of God; He believes that this Book is infallible and free from error; He believes that human ideas may vary and are not dependable ~~but~~ unless they are based on the solid Word of God; He believes that no one can be saved except through the free grace of God based upon the vicarious atonement of the Lord Jesus Christ. ~~that Hedegard~~

Dr. Hedegard's books include such writings (here you could either quote from what I said ~~in my~~ about his writings in my letter or from the list that is in his curriculum vitae).

Dr. Hedegard is not one whose writings are pleasing to those who have itching ears desiring always to hear some new truth. He presents the solid Word of God as contained in the infallible Book. He does it, however, with great scholarship, with fine Christian intelligence, with clear understanding and with deep spiritual insight. Hedegard's books have had a great influence in Sweden. Twenty years ago he founded the Swedish Bible League and he has edited its bi-weekly paper for the last twenty years. He is a vice president of the International Council of Christian Churches and has spoken on its behalf in many countries. Last year he was a prime mover in the establishment of the Scandinavian Evangelical Conference which was held at Jonkoping, Sweden. This conference brought together people from all the Scandinavian countries with visitors from many other lands. In it a great witness was raised to the truth of God's Word.

Next year at Faith Seminary students will have a rare privilege to hear the lectures of this great man of God and to have personal conference with him. His influence will be extended and multiplied as his ideas are built up in these earnest young students, anxious to serve the Lord. They will go forth to incorporate them in later years in their sermons, in the books that they will write, in the stand that they will take for God's truth.

Kirkegaard and Hedegard - what a study in contrasts.
