

Letter to go with two rough drafts send it and one carbon to

Paashaus
Mr Alfred ~~Paashouse~~, Faith Theological Seminary send carbon to Allan MacRae

Dear Al:

Here are two rough drafts of ~~xxxxxxx~~ the two articles you suggested for the Beacon. They are just rough drafts, there are many points to be worked out in them. Use your own judgment as to lengthening them or shortening them or rearranging them, whatever you think wise. Of course, I understand they are to be unsigned articles.

or

There are many points in them which need to be checked, ~~xxxxx~~ precise information to be secured. ~~Rer~~ these I have put a suggestion in parenthesis about it. At most of

I hope that everything is going well on the Beacon and that this material I have given you about these two will be of value in connection with it.

Cordially yours in Christ

Mr. Angus MacPherson

Dear Mr. MacPherson

The other morning I was ~~not~~ ^{not} disappointed to have a chance to talk ~~to~~ with you when you came into the office. I had been working all night and was trying to rush through some last things before starting out to the Grand Canyon ~~for~~ for a little rest. I barely had a glimpse of you and I had a matter I had to speak about hurriedly with Mr. Smitly and then hoped that afterwards I would have a chance for a visit with you. It was disappointing to me to find that you had gone.

I would liked to have asked you how you had been feeling lately. I remember what a time you had with your nerves last fall and I hope that they are much better now.

Recently I myself had a thorough checkup. The doctor told me that my health was perfect but that my nerves were becoming quite overtired. He urged that I get away for a good change. It is for that reason that I have ~~to~~ come to the Canyon. I could not postpone it longer because I must be back for the work that remains in getting ready for the fall ~~xxxx~~ of the year.

I have already done a great deal in connection with the plans for the work this fall. We are losing some very good men. There are one or two individually who cannot be replaced. Yet I am confident that the average ability of our faculty next year will be as high or higher than last year. The Lord has given us access to some very fine teachers and some very splendid instructors. I have been working through plans to make the work of the Seminary much more efficient in every way than has been the case in the past. I am looking forward to one of the finest years this next year that the Seminary ~~has~~ ever has had. Please pray for us that God will enable us to train men who will be evangelists for Christ and who will be able to stand with knowledge and with winsomeness for His great cause.

I was sorry to hear that you were asking for a transcript, that you were thinking of leaving us. I would be glad if you should decide to stay with us for I believe that we could help you to train to become a real force for our wonderful Lord.

I must say, however, that I was happy to hear that the Seminary that you were thinking of transferring to was Dallas. I would hate to think of your going to
