

tremendous spread of Christianity through the Far East thousands of Churches where Christ was proclaimed and where truths of God was held ^{up} upon, and where it disappeared completely except for a few monuments hidden here and there. And Pearl Buck tells us in one of her ^{about} writings how ly she was with a group of higher educated people and she mentions that one of these monuments which was fifteen miles away from the town and they told her that there was no such a thing, absolutely not, ^{in that case} and she knew that but they declared that there was no such thing. was so, but they did not believe such a thing. It disappeared almost without ^{except} a trace. just a few monuments. Yet, there were thousands of Christians in those areas.
