

Old Testament. I am sure that ~~we can understand God~~ you can understand God's work in life. So, I thought it would be vital at this ~~point~~ ⁱⁿ between the foundation, the first great missionary work described in Genesis 3 and the many illustrations of God's marvellous working and many examples for us which we find in the work of Elijah and Elisha, ⁱⁿ between there I want to stress ~~discuss~~ these great principles. Tomorrow and the next day we will go on to Elijah and Elisha, and I hope ~~to~~ you will have facts in your ~~mind~~ because I want to call your attention to some of the very clear less well-known facts in connection with them which are very vital in getting the true understanding of the many ~~instances~~ ^{lessons} God has for us in connection with those two great leaders. I was ^{very} sorry to have to miss some of the meetings of the I.C.C.C. but I am not ^{quite as} energetic as I was ~~thirty~~ ^{forty} years ago and I am ^{very} sorry that other appointments and meetings made it necessary for me to have missed the rest of it yesterday and today, but I pray that God will be with you during the day and give you real blessing as you continue.

Now, let us pray, Oh, God our Father, we pray that you will help ^{to} us understand the great principles of your work. Oh, God, we also ^{for} intellectual pray/as much/understanding. We pray more for the heart-relationship ~~to~~ our Savior. Oh, how prone we are to follow ~~sin~~ ^{evil} and how prone we are to let the ^{us} impulses of our hearts to turn/away from doing your will. Help us our God put Jesus first in everything and to follow Him, and make our lives count, each one of us, in various fields to which you have sent us that Jesus Christ may become known to many who know Him not, and that many may follow Him and become ^{instruments} ~~interested~~ in doing His will.

We ask in ~~H~~ Jesus' name, Amen.
