

Oh, I said to him, you haven't gone yet. He said, No, he hasn't arrived yet. I'm waiting for him to arrive. Well, I looked down and there were no tracks down there at all. He I said, Well, how can your friend come here, there are no tracks th here . Well, he said, come to think of it, I haven't noticed any trains stop here . He was putting his faith that his friend would get off a train right ther and he had perfect faith and perfect calmness. He was walking along, But if I hadn't come , I think his friend would have probably arrived at the level up above where the trains came in looked ~~arr~~ around, not seen him, and gone on. He had faith which gave him perfect calmness of mind, and that is a good thing to have calmness of mind, but if your faith is going to accomplish anything, it must be faith in that which is dependable and when we talk about salvation by faith, the important thing is not our faith, though that is a vital element of it , the ~~impre~~ important thing is that our faith is in that which is ~~deped~~ dependable , it is a faith in God who is true, who is dependable. It is a faith in God who has sent His ~~x~~ own son to die on the cross for our sins. It is a faith that this God who has sent His son to die in our stead can be depended upon when he says that He that willtake Jesus Christ as his Savioure~~and~~ and recognize that His his sin~~x~~ were laid upon Christ on the cross ~~e-an~~ can be saved from his sin through all eternity. We are saved ~~th~~ by faith. Faith is not the thing that saves us . We have ~~h~~his wonderful good quality, no. It is a good quality , it can give you calmness of mind, peace of mind--it can be tremendously beneficial in your life. -And Any kind of faith can be , but it is a snare and delusion unless it is a faith upon that which is truly dependable . *J*Mark Twain tells how he read in his book , in his guide-book that a certain glacier was on its way down to a town in Switzerland somewhere . He was up on a mountain with a friend, he said Lets go and sit on the glacier and ride down. So they went ~~ef~~ over and sat on the glacier ~~ad~~ after they sat a couple of hours he
