It is important to learn what we can about God's plans regarding material things. I look forward with great joy to the millennium. Praise God for His promises. I look back on His dealings with Israel and also on His dealings in previous dispensations and ~~XXXX~~ praise Him for His marvellous goodness. Yet I feel that we must be sure not to place such an emphasis on material blessings that we overlook the spiritual blessings which are most ~~XXXXXXXXXX~~ important of all. Above all I feel that it is vital that we not make divisions in the body of Christ where the Lord Himself has not made them, but that we recognize the unity and brotherhood of all who are saved through Him.

As you see I feel that there are certain points in your book that are not clearly carried to their logical conclusion. I feel that most of the things you have stated are very excellent and well expressed. I regret differences among Christians that are merely semantic, and pray that your ~~xp~~ book may have a real influence in cutting down the un-Christian attitudes that are sometimes generated on both sides by ~~XXXXXX~~ semantic differences.
