ready to be utterly wrecked in the last war, just about ready to go completely to pieces, and then she has come back, regained her strength, and well, if she will return to the attitude of many of the great Christian leaders of Britain in the past the Lord may use her in a wonderful way, but if she takes the attitude that Tyre takes here in verse 17 that she commits fornication with all the kingdoms of the world upon the face of the earth, that she simply is seeking her own pleasure and her own advantage from her relation with all the kingdoms, if she takes the attitude that business is business and what do I care, whether they're righteous or wicked or what they are, I'm just in it for what I can get out of it, if she takes that attitude, why then there will be no lasting success for her in it and we have verse 18, which at first sight you might say is a continuation of 17 and yet which may very well be something that is going to come after the time, after seventy years, Tyre is reestablished and she becomes strong but she does it for her own good and her own pleasure and her own welfare and forgets God, but it is not always going to be that way. The time is going to come when her merchandise and her hire will be holiness to the Lord. The Lord does not say merchandise is wicked and is going to be destroyed. He doesn't say that, but he says that merchandise and hire and business can be used for His purposes. It can be holiness to the Lord. It can be for those that dwell before the Lord. To me it is one of the silliest things you ever see when people talk about the United States in the near east and oil they'll say, "Their hands are dripping with oil." She's looking for oil. It's oil politics," as if there was anything wrong with wanting oil. It all depends what you are going to use the oil for. Certainly those great reserves of oil over there in Arabia are something which are of interest to the whole world to know what they are going to be used for and if they are going to be taken and used in a sensible, sane way, in such a way as to promote the welfare of the world, that certainly is a good objective, something well worth the United States seeking to accomplish and to say that oil is entering
