

no longer to protect the whole empire and they withdrew from England and i  
as the Scotch people stood who had never been conquered by the Romans  
but the Romans had just put up a big wall to try to keep them out , when they  
began to come into the country and the British having had Roman soldiers to  
protect them could not protect them from them at this time so they sent over to  
the Germanic tribes and said if you will come and protect us from the Scotch, we  
will give you some of our land and you can dwell with us and so they came over  
a great many of them and they over come the Scotch and they started to over come  
the English, the British, they were not English. And for 150 years we have no  
record of history and at the end of that time we find the Germanic tribes in  
control and the British pushed back into Wales or little groups of them in the  
land . Now the Scotch were evangelized to a very slight extent until the 5th  
century A.D? and the Irish were not evangelized to any extent until the 5th  
century A.D., ~~the~~ when Patrick an inhabitant of Roman Britain one of the British  
had no connection with the pope and went over to Ireland and converted the  
Irish, you see much later. The present English are Germanic people who came  
and conquered the land at that time ~~of~~ and at the time of Gregory they have  
not even heard of the gospel. They know that a lot of these British people they  
were over coming believed in some kind of superstition that they were not  
interested. And of course the British people were doing missionary work and win-  
ning some them , they were not successful to any great extent they were having  
a comparably small influence on the people who were conquering them and  
were oppressing them and driving them back and killing them . And of course  
Mr. Fowler had not had this material last semester and so it may be sort of  
boring to some of you to hear it repeated and on the other hand some you may  
forget some of the important thing like this that we want to keep in mind and  
if you are not clear on some of these vital things please ask me whether you  
have had it last semester or not , we can not take a great deal of time going  
back in resume but we can not understand what we are dealing with if we don't  
have the facts in mind to some extent and it is not particularly true right here  
because you understand the conversion of England which is our next heading
