

But the Vandals 13 1/3 / to Morocco, and they began--~~Morocco~~/ Morocco was not properly under the Roman control to any great extent at this time; it was a comparatively poor area that they seized upon at this time. They worked, and began inland, and then began heading eastward. And now, somebody began to suspect this thing as something wrong, and they began to look into it, and they saw that Boniface was probably not guilty, and they sent word to Boniface, and Boniface was able to see that actually they would consider looking into the fact, and so he went over, he saw the empress, and he showed her the letter that his friend had sent him. And when she found out, the man's guilt was clear, and he was executed, and the empress gave every favor to Boniface again, but now the Vandals were in North Africa. And so Boniface went back to Africa and he told the Vandals that they didn't need them any ~~more~~<sup>more</sup>, that they could go back to Spain. And they said, "That is very nice, but we like it here and we are going to stay." And so, the Vandals proceeded across that ~~the-west~~ area of Africa and headed on to the west, and as they came, various tribesmen joined with them, and with the people who had joined with them they were plundering and raiding, and soon they had a very formidable force, and Boniface had gathered all the troops ~~that~~ he could and went to meet them and attack, and was defeated, and had to flee before them. And so...(end of record)

And they were at least nominally Arians, but I think this 0 1/2 was not of the type of the Goths/ They were very seriously Christians. They were Arians, the Goths were, but they were very sincere Christians. They seemed to be just Arian enough to hate Trinitarianism, but not Arian enough to have it effect their lives particularly, except that in sexual morality they seem to have much superior to the Romans. They looked down on the Romans for the looseness ~~of~~ of their lives. But that is the only regard in which they seem to have been superior to the Romans. Otherwise they seem to have been definitely very brutal, and very careless of human life, and they did such terrific
